SKILLS FOR GROWTH - SME SUPPORT

This fully funded skills consultation service is tailored to help up-skill your employees and improve productivity.

- Top level business diagnostic and identification of skills gaps
- Individual training plans for your employees
- Dedicated Skills Coach (consultant)
- Specialist support with apprenticeships and health and wellbeing
- Exclusive workshops and events

LEAD GM TO CARBON NEUTRAL 2038

To reach Carbon Neutral by 2038, Greater Manchester needs skilled, experienced and qualified individuals to deliver sustainability projects in the community and the workplace.

An array of commercial and fully funded courses are available through the Skills for Growth - SME Support programme in support of this mission.

GM SKILLS MAP

The easy-to-use Course Directory and Learning Management Portal for SMEs.

GM Skills Map gives you access to a broad directory of training providers and courses to suit your needs, and your dedicated Skills Coach will help you make the most out of this intuitive platform. Manage your employees' training, source providers and access 100s of additional bite-size training modules all in one place.
